CROSS-CULTURAL MEDIA ARTS EXCHANGE

Entangled Futures

2022

VENUE

TEN SQUARE, OUTDOOR LED BILLBOARD
1 SHORT STREET
SINGAPORE 188218

ABOUT THE COLLABORATION

The first energy saving LED 3D Billboard in Singapore, Ten Square, Landmark of Good is a 15-floor car vending machine & tower located in the heart of downtown Singapore. With a large-scale media facade and interest in developing the media arts scene in Singapore, Ten Square invited students from University of Ansbach, Germany and NTU ADM, Singapore to create a series of media artworks about climate change and sustainability.

This cross-cultural collaboration further strengthened existing bilateral ties between Singapore and Germany – showcasing the power of the media arts in inspiring and promoting creativity across borders.

Join us in an evening of media facade art and great company as we celebrate the friendship and cross-cultural exchange between Singapore and Germany!
